

Sat. 3:30 - Cabin

Dear Vicki and Jim,

When I got home from the Airport I called Sandi about the lost diamond and she said she would go right out and look for it. When she called back saying she had found it she was so excited she could hardly talk. It is just unbelievable that it could be found but she said one time a boy lost his contact in ten feet of water in the pool and they found it. I was excited too and kept calling you until we left for the cabin but since you weren't home yet Mary said she would call you. We will stop at Sandi's Sunday when we come down from the cabin and I will mail it to you Monday.

We drove up the river to our favorite fishing spot this morning and we each caught five nice fish. Two game wardens even came around and asked to see our fishing licenses. This was the first time up here that that has happened. When we come back I want down

in front of the cabin and caught  
on eight inch fish. but then a  
heavy rain shower started coming  
down so I had to come in. We have  
a fire in the fire place and everything  
looks beautiful.

I found a pair of snap on dark  
glasses in the glove compartment which  
I thought might be yours, Jim, but  
they were broken so there is no use  
sending them.

Mon. morning.

I am going out to Sandie's now to get  
the diamond. She wasn't home when  
we came down last night.

It was wonderful seeing you  
again and I hope you are getting  
rested up from your trip. It is a  
nice Washington morning today with  
the feeling of fall in the air.

Love,  
Mom.
